Q: Thank you for agreeing to give this recorded statement. Please state your full name for the record.

A: I'd rather not give my name on a recording, but you can use the claim reference.

Q: That's fine. Can you describe where the collision happened?

A: It was at an intersection in League City, Texas. I was making a left turn across the opposing lanes when the other vehicle came into the intersection.

Q: Which direction were you traveling before the turn?

A: I was heading north on the main road and wanted to turn west onto the side street. The light had been green, or I thought it was.

Q: Did you see the other vehicle before impact?

A: Not really. I looked, but I saw it only a second before we hit. I braked, but there wasn't time.

Q: How fast do you estimate you were going?

A: Maybe twenty or twenty-five miels per hour. I was slowing down for the turn.

Q: Did you have any injuries at the scene?

A: My head hit the side window and the steering wheel. I felt dizzy and had a bad headache. The paramedics checked me and took me to the hospital.

Q: Have you been diagnosed with anything?

A: Yes, the doctor said I have a concussion. I've been told to rest, avoid screens for long periods, and not drive for now.

Q: Are you still having symptoms?

A: Yes. The headaches come and go, and I get tired quickly. Bright lights bother me.

Q: Is there anything else you would like to add to your statement?

A: Only that I'm sorry the accident happened, and I'm cooperating so this can be settled.

Q: Thnak you. This concludes the recorded statement.
