Claim Notes

Claim number:	C-1173
Claimant:	Vickie Rivera
Adjuster:	Valerie Rodriguez

8-29-24 - Claim opened following report of a collision at an intersection. Insured vehicle was turning left when it was struck by a vehicle traveling straight trhough on the opposite approach. Claimant reports neck and back strain and states she was transported to urgent care. Claimant is not represented by counsel. Initial contact made by phone; recorded statement scheduled.

9-1-24 - Recorded statement obtained from the insured driver. He states he was turning left on a green arrow and checked oncoming traffic before proceeding. He recalls the other vehicle approaching quickly but did not see it until the impact. No visible damage to the insured vehicle's windshield or mirrors reported. Photos requested.

9-7-24 - Spoke with claimant, who confirmed she has no attorney and prefers to handle the claim directly. She reports ongoing neck stiffness and lower back pain, rates pain as moderate, and is attending physical therapy. Explained the claims process and that she may submit medical bills and records for review. Requested authorization forms.

9-12-24 - Reviewed photos from the scene and the police report. Report lists the other driver as cited for failure to yield. Both vehicles show damage consistent with a side-impact collision. Traffic camera footage at the intersection requested from the municipality; retention window noted as limited, so request expedited.

9-20-24 - Received medical records from the claimant's treating provider. Diagnosis includes cervical and lumbar strain with no fractures noted. Treatment plan calls for continued therapy over several weeks. Reserves reviewed and adjusted to reflect injury severity. Liability appears clear in favor of the insured pending camera footage. Next step: follow up on footage request and send claimant a written status update.

Recorded Statement

Claim number:	C-1173
Statement of:	Vickie Rivera

Q: Thank you for taking the time to give this recorded statement. Please state your full name for the record.

A: I'd rather not give my name on the recording, but I can answer your questions.

Q: That's fine. Can you describe where you were driving when the collision happened?

A: I was driving through an intersection in League City, Texas, turning left onto a side road. I had a green light, or at least I thought I did.

Q: Did you see the other vehicle before the impact?

A: Not really. It came from the opposite direction, and I was watching for pedestrians on the crosswalk. The first thing I noticed was the impact on the driver's side of my car.

Q: How fast were you going when you started the turn?

A: I was going slowly, maybe fifteen miles an hour. I had almost stopped because of the oncoming traffic.

Q: Were you injured?

A: Yes. My neck and lower back hurt right away, and by the next morning the pain had gotten worse. I went to a clinic and they diagnosed a neck and back strain. I've been doing physical therapy twice a week.

Q: Have you missed any work because of your injuries?

A: A few days so far. My job involves lifting, so my doctor recommended I stay off it for now.

Q: Did you receive any treatment at the scene?

A: An ambulance took me to the emergency room. They checked me over, gave me muscle relaxers, and sent me home with instructions to follow up with my primary care doctor.

Q: Is there anything else you'd like to add to your statement?

A: Only that I'm still having trouble sleeping and turning my head when I check traffic. I'd like to be made whole for the medical bills and the time I've lost.

Q: Thank you. This concludes the recorded statement.
