Bodily Injury Unit

Claim Notes

Claim number:	C-1175
Claimant:	Amber Perry
Adjuster:	Christopher Wong

25 Jan 2024 - Claim opened following a rear-end collision at a signalized intersection. Insured vehicle was stopped at the light when struck from behind by the third-party vehicle. Police report requested. Both drivers reported no immediate complaints at scene, though claimant later reported headache and dizziness.

31 Jan 2024 - Claimant has retained counsel. All further contact to go through the attorney's office. Letter of representation received and filed. Requested medical authorization and prior treatment records for the past sevearl years through counsel.

1 Feb 2024 - Claimant's medical records received. Diagnosis includes concussion with post-concussive symptoms, followed by a referral to neurology. Treating physician notes ongoing light-duty restrictions. Reviewing records for consistency with the reported mechanism of impact and any pre-existing conditions.

8 Feb 2024 - Spoke with claimant's attorney regarding status of the bodily injury evaluation. Attorney indicated the client is still undergoing treatment and requested that we hold off on any settlement discussion until treatment reaches maximum medical improvement. Advised that an independent medical examination may be scheduled, and counsel did not object in principle.

13 Feb 2024 - Idnependent medical exam scheduled through counsel's office. Adjuster to request a copy of the IME report on completion. Liability remains clear based on the police report and the insured's account. File reserves to be reviewed once the medical picture is more complete.

Recorded Statement

Claim number:	C-1175
Statement of:	Amber Perry
Taken by:	Christopher Wong
Date:	23 Jan 2024

Q: Thank you for agreeing to give this recorded statement. Can you please state your full name for the record?

A: Sure. I'd rather keep my name out of it for now, if that's okay. I was the driver of the vehicle that was rear-ended.

Q: Understood. Can you tell me where the collision happened?

A: It was on a main road in Conroe, Texas, near a shopping center. Traffic had slowed down ahead of me, so I was stopped at the light when I got hit from behind.

Q: What were you doing just before impact?

A: Just sitting there, waiting for the light. I had my foot on the brake. The next thing I knew there was a big jolt and my head snapped forward and then back.

Q: Did you hit your head on anything?

A: I don't think so, but my head moved hard. I didn't pass out, but I felt dazed for a while. My neck was sore right away.

Q: Did you go to a doctor or hospital afterward?

A: Yes, I went to urgent care that same afternoon. They said I had a concussion and told me to rest and avoid screens as much as possible.

Q: How are you feeling now?

A: Better than the first few days, but I still get headaches, and bright lights bother me. I've had trouble concentrating at work, and I get tired pretty quickly.

Q: Have you missed any work because of the injury?

A: Yes, I've been out for part of the time and working reduced hours since then. I'm still following up with my doctor about it.

Q: Is there anything else you'd like to add to your statement?

A: Only that I was not distracted and I was stopped properly. I just want this taken care of so I can get back to normal.

Q: Thank you. This concludes the recorded statement.
