Reported injury:	neck and back strain

Description of the accident (claimant's words)

I was backing out of a parking space at a grocery store in Baytown, Texas, when my vehicle struck the rear bumper of a silver SUV that was passing behind me. I had checked my mirrors but did not see the otehr car in time. I stopped immediately and checked on the other driver, who was not hurt. Both vehicles had visible damage to the rear and passenger-side areas, and I took several photos of the scene before anything was moved. I felt a sharp pain in my neck and lower back within a few hours of the impact, which has conitnued since then. I am reporting this injury because I have been havnig trouble turning my head and sitting for long periods. I am providing this statement as accurately as I can recall the events.
