Description of the accident (claimant's words)

I was stopped at a red light on Shaw Road in Pasadena, Texas, waiting to turn left, when I felt a hard jolt from behind. The vehicle that hit me was moving faster than traffic, and I never had a chance to brake. My car was pushed forward into the intersection and the airbags did not deploy. I got out and spoke with the other driver, who admitted that they had looked down at their phone just before impact. A police officer arrived and filled out a report at the scene. My car has damage to the rear bumper, trunk, and tail lights. Since the collision I have been dealing with stiffness and pain in my neck and lower back, and I have been seeing a physician for treatment and physical therapy. I am filing this claim to cover my vehicle repairs and medical costs.
