Description of the accident (claimant's words)

I was making a left turn at a busy intersection in Houston, Texas, waiting for a gap in oncoming traffic before proceeding. While I was stopped partway through the turn, another vehicle coming through the intersection struck the driver's side of my car. The impact pushed my vehicle sideways and I braced myself against the steering wheel and door frame. My right knee hit the dashboard area and I felt immediate pain and swelling. I stayed at the scene until the responding officer arrived and gave a statement describing what happened. I was taken by ambulance to a nearby hospital for evaluation, where I was told I had a knee injury and was advised to follow up with an orthopedic specialist. I am reporting this accident and requesting coverage for my vehicle damage, medical treatment, and related expenses.
