Claim Notes

Claim number:	C-1192
Claimant:	Taylor Ball
Adjuster:	Chelsea Hebert

March 21, 2023 - Claim received by phone from the insured driver reporting a low-speed head-on collision in a parking area. Vehicles are drivable. Claimant vehicle reported as stopped at the time of impact. Photos requested from both parites and a recorded statement scheduled with the insured.

March 24, 2023 - Recorded statement taken from the insured. Insured states the other vehicle crossed into their lane while turning. Damage described as front bumper and grille on insured vehicle, front end on claimant vehicle. No airbag deployment reported by either party. Police report not filed; both parties exchanged information at scene.

April 1, 2023 - Notice received that the claimant is represented by counsel. All further contact to be directed through the attorney's office. Letter of representation placed in file. Claimant reports a knee injury following the collision and has been seen at an urgent care facility. Medical records and itemized bills requested through counsel.

April 8, 2023 - Field appraisal completed on both vehicles. Estimated repair documentation received from two shops and under review. Liability analysis preliminary, with fault leaning toward the other driver based on the statement and photographs. Reserve set pending receipt of medical documentation.

April 13, 2023 - Counsel's office acknowledged the medical records request and indicated the claimant is still treating for the knee injury. Follow-up requested on physical therapy status and any imaging results. File flagged for supervisor review due to represented injury claim. Next review scheduled once records are received.

Recorded Statement

Claim number:	C-1192
Statement of:	Taylor Ball
Taken by:	Chelsea Hebert
Date:	March 17, 2023

Q: Thank you for agreeing to give this recorded statement. Please state your full name for the record.

A: I'd rather not give my name on a recording, but I understand you need it. I'll just say I'm the driver of the vehicle involved.

Q: That's fine. Can you describe where the collision happened?

A: It was on a two-lane road in Pasadena, Texas, going through a lgiht stretch with a shallow curve. Traffic was moving slowly.

Q: What were you doing right before the impact?

A: I was driving straight, maybe twenty-five miles an hour. The other car came over into my lane. I hit the brakes and turned a little, but there wasn't enough room.

Q: Was there a head-on contact?

A: Yes, front to front, but it wasn't a hard hit. The airbags didn't go off. It felt more like a jolt than a crash.

Q: Did you get out of the vehicle rihgt away?

A: I got out, but my right knee was throbbing and I had trouble putting weight on it. I sat on the curb until the paramedics came.

Q: Did you seek medical treatment?

A: Yes, they took me by ambulance to the emergency room. They X-rayed the knee and gave me a brace and crutches. I was told to follow up with an orthopedic doctor.

Q: Have you had any follow-up appointments since then?

A: I've seen the orthopedist twice. They mentioned possible ligament strain and oredred an MRI. I'm still in physical therapy a few times a week.

Q: Do you have any pre-existing problems with that knee?

A: I had some stiffness years ago from playing soccer, but nothing that stopped me from working or driving. It was mostly fine before this.

Q: Is there anything else you'd like to add?

A: Just that I'm still having pain going up stairs, and I've missed some work because of it. I'd like the claim handled as quickly as possible.

Q: Thank you. This concludes the statement.
