I was making a left turn at an intersection in Pearland, Texas, when a vehicle coming from the opposite direction struck the front passenger side of my car. I had already started into the turn and was moving slowly when the impact occurred. My airbags deployed, and my car was pushed partway into the adjacent lane. I was able to get out on my own and move to the curb while waiitng for emergency responders to arrive. I was taken by ambulance to the nearest hospital, where I was daignosed with a fractured wrist. I have since been referred to an orthopedic specialist and am currently unable to drive or perform normal daily tasks with my dominant hand. I am providing this statement to document the circumstances of the collision and my resulting injury for the claim.
