Description of the accident (claimant's words)

I was driving north on the main road in Sugar Land, Texas, at a slow speed, approaching a set of traffic lights, when a vehicle coming from the opposite direction drifted into my lane and struck the front of my car head-on. The impact was low speed, but it was enough to push my vehicle back a short distance and jolt my body forward and then back against the seat. Both cars came to rest in the lane, and I turned off the engine and checked that I was not bleeding or badly hurt. Over the following hours I developed stiffness and pain in my neck, along with some soreness across the shoulders. I stayed at the scene until the police arrived and gave my statement. I have since been seen by a medical professional who diagnosed a neck strain, and I am following the recommended treatment plan.
