Re: Claim C-1205 - Demand for settlement

Dear Claims Representative:

I write to present a claim on behalf of my client, Jose Reynolds, arising from the mootr vehicle collision that occurred on 2024-12-06. The facts are straightforward. Your insured changed lanes without signaling or checking the adjacent lane, and his vehicle sideswiped my client's car, forcing it toward the shoulder. Police responded to the scene, and the reprot recodrs your insured's admission that he did not see my client's vehicle before moving over.

My client sustained a concussion in the impact. He experienced headaches, dizziness, light sensitivity, and difficulty concentrating, and his treating physician restircted him from work and driving for an extended period. He has undergone medical evaluation and continues to receive treatment. His medical records and billing statements are enclosed, along with photographs of the damage to his vehicle and a statement from his employer confirming lost wages.

Liability is clear. Your insured breached his duty to drive with reasonable care, and that breach directly caused my client's injuries and losses. Accordingly, we demand payment of $102,000.00 to resolve this claim in full. This offer remains open for thirty days from the date of this letter. If we do not receive a satisfactory response within that period, we will file suit without further notice.
