Bodily Injury Unit

Claim Notes

Claim number:	C-1210
Claimant:	Jodi Campos
Adjuster:	Alison Sweeney

April 18, 2023 - Claim opened following a rear-end collision reported by the insured. Claimant reports neck and back strain and states she was transported from the scene by ambulance. Claimant is represented by counsel; all contact to be routed through the attorney's office going forward. Initial liability appears clear based on the insured's statement and the police report, with the insured's vehicle striking the rear of the claimant's vehicle at low to moderate speed.

April 23, 2023 - Spoke with claimant's attorney's office to acknowledge representation and request medical authorizations, prior treatment records for the neck and back, and wage information. Attorney indicated the claimant is currently attending physical therapy and expects a treatment plan update from her treating physician. Requested copies of all bills to date.

May 2, 2023 - Reviewed photos of both vehicles submitted by the insured. Rear bumper damage to the claimant's vehicle is consistent with the reported impact. Repair estimate received and under review. Vehicle is being assessed for a possible total loss threshold. Insured has been advised that liability is likely to be accepted on the property damage side pending final review.

May 3, 2023 - Received medical records from the treating clinic and the initial imaging report. Diagnosis listed as cervical and lumbar strain with muscle spasm, no fracture noted. Treatment notes reflect ongoing complaints of stiffness and reduced range of motion. Forwarded records to the medical review unit for evaluation of reasonableness and relatedness. Follow-up with the attorney's office scheduled to discuss the settlement posture once treatment is complete.

May 7, 2023 - Attorney's office submitted a demand package including medical bills, a summary of treatment, and a request for compensation for pain and suffering and lost wages. Demand is under review by claims supervisor. Noted that the claimant has not yet reached maximum medical improvement, so reserves will be maintained and no offer will be made until the treating physician issues a discharge or permanency opinion.

Recorded Statement

Claim number:	C-1210
Statement of:	Jodi Campos
Taken by:	Alison Sweeney
Date:	April 20, 2023

Q: Thank you for agreeing to give this recorded statement. Please state your full name for the record.

A: I'd rather not give my name on the recording, so I'll just say I'm the driver of the vehicle that was struck.

Q: That's fine. Can you describe where the accident occurred?

A: It was on a main road in Pearland, Texas, near a shopping center. I was stopped in traffic at a red light.

Q: What happened while you were stopped?

A: The car behind me didn't stop in time. I felt a hard jolt from behind and my head snapped forward and then back.

Q: Did you exchange information with the other driver?

A: Yes, we exchanged insurance details. The other driver said they looked down at their phone for a second.

Q: Were there any police or EMS at the scene?

A: An officer came and filed a report. I was checked by paramedics but I declined transport at the time.

Q: How are you feeling now?

A: My neck is stfif and sore, especially when I turn my head to check traffic. My lower back aches when I sit for a long time.

Q: Have you seen a doctor since the accident?

A: Yes, I went to my primary care physician two days later. They diagnosed a neck and back strain and gave me muscle relaxers and referred me to physical therapy.

Q: Have you had any prior neck or back problems?

A: No, nothing serious. I had some occasional stiffness from sitting at a desk, but nothing that stopped me from working.

Q: Are you still working?

A: I've been working but I've had to take some shifts off because of the pain, and I'm limiting how long I can drive.

Q: Is there anythnig else you'd like to add?

A: Only that I want to make sure my medical treatment is covered while I recover. Thank you.
