Description of the accident (claimant's words)

I was backing out of a parking space at the grocery store on the east side of town when I felt a bump and haerd a crunch. I had checked my mirrors, but the vehicle behind me was moving faster than I expected through the aisle, and I did not see it until our bumpers met. I stopped right away and got out to look. Both cars had damage to the rear bumper and the driver's side tail light area of my vehicle. The other driver and I exchanged insurance information, and a store employee came over to help us take photos of the scene. Later that evening, I noticed a shrap pain in my right knee when I stood up from the couch. It was swollen and stiff the next morning, so I went to urgent care for an examination. I am providing this account so the claim can be processed accurately.
