Claim Notes

Claim number:	C-1222
Claimant:	Megan Carey
Adjuster:	Valerie Rodriguez

9-12-23 - Claim opened following a report of a low-speed collision in a parking lot. Claimant reports their vehicle was struck while stopped in a marked space. Other driver's vehicle has been identified and their insurer notified. Photos requested from the claimant.

9-15-23 - Claimant called to report a shoulder injury sustained during the impact, describing pain when raising the right arm. Claimant has not retained an attorney and is handling the claim directly. Advised claimant of the medical documentation needed and suggested they seek evaluation from a physician as soon as possible.

9-21-23 - Received photos of both vehicles showing rear bumper damage on the claimant's car and front damage on the other vehicle. Reviewed the scene diagram provided by the other driver. Statements from both parties are consistent regarding the position of the vehicles at impact.

9-22-23 - Claimant provided a copy of the initial medical visit summary noting a shoulder strain and a referral for imaging. Explained the process for submitting medical bills and wage loss documentation. Claimant indicated they are not currently working full-time and will provide employer verification.

10-1-23 - Followed up with the claimant regarding the status of the imaging appointment. Claimant reports ongoing shoulder discomfort but improving with prescribed physical therapy. Repair estimate for the claimant's vehicle has been received and reviewed. File remains open pending medical records and the final liability determination.

Recorded Statement

Claim number:	C-1222
Statement of:	Megan Carey
Taken by:	Valerie Rodriguez
Date:	9-19-23

Q: Thank you for agreeing to give this recorded statement. Please state your full name for the record.

A: I'd rather not give my name on the recording, if that's okay. You already have it on the claim file.

Q: That's fine. Can you tell me where you were when the collision happened?

A: I was in a parking lot at a shopping center in Sugar Land, Texas. I was pulling into a space near the entrance.

Q: What were you doing right before the impact?

A: I had just turned the wheel to back into the spot. I was going very slowly, maybe walking speed. Then a vehicle came out of the row next to me and clipped the rear quarter panel of my car.

Q: Did you see the other vehicle before it hit you?

A: Not really. I heard a horn and then felt the jolt. It came out fast, and I didn't have time to react.

Q: Did you notice any injuries right after the collision?

A: Not at first. I felt a little shaken up. Later that evening my right shoulder started aching, and by the next morning I could barely lift my arm above my chest.

Q: Have you sought medical treatment for the shoulder?

A: Yes, I went to an urgent care clinic the following day. They took X-rays and told me to see an orthopedist for a possible rotator cuff strain. I have an appointment scheduled and I've been doing physical therapy exercises at home.

Q: Did you have any shoulder problems before the collision?

A: No, nothing that I can recall. I was lifting weights a few times a week, and I had no pain or limitations.

Q: Is there anything else you think I should know about how the collision happened?

A: Only that I was stopped almost completely when it happened. I feel the other driver should have been watching for cars backing into spaces.

Q: Thank you. Is there anything you'd like to add or correct in this statement?

A: No, I think that covers it.

Q: Thank you for your time. This concludes the recorded statement.
