Claim Notes

Claim number:	C-1229
Claimant:	Jeremy Chavez
Adjuster:	Christopher Wong

2024-10-06 - Claim received by phone from the insured driver. Reports a low-speed head-on collision at an intersection. Vehicle is drivable but front bumper, hood and radiator support appear damaged. Claimant states she was stopped and believes the other vehicle crossed the center line. Assigned to adjuster for initial contact and photo request.

2024-10-08 - Spoke with claimant by phone. She reports her wrist struck the steering wheel during airbag deployment and she was later seen at an urgent care facility, where an X-ray indicated a fracture. She has no attorney and says she prefers to handle the claim directly. Explained the claim process, requested the urgent care records and the imaging report, and asked for a signed medical authorization.

2024-10-09 - Received photos of both vehicles and the police report from the reporting agency. Report notes no citations issued and lists the otehr driver as at fault for crossing into the opposing lane. Damage to the claimant's vehicle is consistent with the description given. Other driver's carrier has been notified and an accident liability file opened.

2024-10-16 - Claimant returned the signed medical authorization and forwarded the discharge paperwork. Advised that the bodily injury portion will be evaluated once treatment is complete and records from the orthopedic follow-up are received. Reminded claimant she may request a rental vehicle under her coverage and she indicated she would like one arranged while her car is in the shop.

2024-10-24 - Obtained repair estimate from a preferred shop and total damage is under the vehicle's actual cash value, so repair is recommended. Other carrier has accepted liability for property damage in principle. Bodily injury claim remains open pending orthopedic records. Diary set to follow up with claimant in two weeks for treatment status and to confirm rental is in place.

Recorded Statement

Claim number:	C-1229
Statement of:	Jeremy Chavez
Taken by:	Christopher Wong
Date:	2024-10-13

Q: Thanks for taking the time to speak with me today. This recorded statement is about the collision you were involved in on a street in Pearland, Texas. Do you understand that this call is being recorded?

A: Yes, I understand.

Q: Please describe in your own words what happened.

A: I was driving east on a two-lane road, going maybe thirty miles an hour. A car coming from the other direction drifted into my lane while making a left turn. I braked and steered right, but we still hit nose to nose. It wasn't a hard hit, but my airbags went off.

Q: Were you wearing your seatbelt?

A: Yes, I was.

Q: How did you first notice you were hurt?

A: My right wrist hurt right away. I held it against the steering wheel when the airbag deployed. I didn't think much of it at first, but by evening it was swollen and I couldn't grip anything.

Q: Did you seek medical attention?

A: Yes, I went to an urgent care clinic that same night. They took X-rays and said I had a fracture in my wrist. I was referred to an orthopedic specialist and I'm wearing a splint now.

Q: Did you have any other injuries or pain in your neck or back?

A: My neck is a little sore, but nothing serious. The main problem is the wrist.

Q: Did the other driver say anything at the scene?

A: She said she was sorry and that she didn't see my car. She also said she was looking at her pohne for a second.

Q: Is there anything else you think I should know about the accident?

A: No, I think that covers it. I just want my car repaired and my wrist to heal properly.

Q: Thank you. That concludes the statement.

A: Thank you.
