Description of the accident (claimant's words)

I was stopped at a red light on the main road in Conroe, Texas, waiting to turn left, when I felt a hard jolt from behind. My vehicle was pushed forward into the intersection and the airbags did not deploy, but my right knee struck the lower dash with considerable force. I stayed in my seat until the other driver came to my window to check on me. Shortly after, I noticed swelling and sharp pain when I tried to stand, so I asked for medical assistance and was taken to be evaluated. I have kept the photos I took of both vehicles at the scene, along with the other driver's insurance details, which I exchanged before leaving. I am reporting this incident so the damage to my car and my medical costs can be reviewed.
