Claim Notes

Claim number:	C-1235
Claimant:	Sara Duncan
Adjuster:	Valerie Rodriguez

16 Jul 2024 - Received first notice of loss for a low-speed head-on collision. Insured reports the other vehicle crossed into their lane on a curve. Both drivers reported as stopped at scene, no airbag deployment. Photos requested from insured and posted to file.

21 Jul 2024 - Claimant has retained counsel, who has requested that all communication be directed to the firm's office. Letter of representation received and noted. Claimant reports neck and left shoulder pain, has been evaluated at urgent care, and is awaiting a referral for further imaging.

30 Jul 2024 - Reviewed police report and scene photos. Bumper damage is consistent with a low-speed impact. Vehicle appraiser assigned for estimate. Requested medical authorization from counsel and specific treatment records for the shoulder complaint.

5 Aug 2024 - Spkoe with claimant's attorney's paralegal. Confirmed receipt of medical authorization and that an MRI of the left shoulder has been scheduled. Advised that liability position is under review pending the appraisal and the independent witness statement.

13 Aug 2024 - Appraisal received and reviewed. Repair estimate within expected range for the reported impact. Medical records requested again from counsel, as the shoulder treatment file is still incomplete. Claim remains open pending medical review and liability determination.

Recorded Statement

Claim number:	C-1235
Statement of:	Sara Duncan
Taken by:	Valerie Rodriguez
Date:	19 Jul 2024

Q: Thank you for agreeing to give this recorded statement. Please state your full name for the record.

A: I'd rather not give my full name on a recording, but you can use the claim number.

Q: That's fine. Can you tell me where you were when the accident happened?

A: I was driving on a main road in Houston, Texas, heading toward the grocery store near my house. It was early afternoon and traffic was moderate.

Q: Can you describe what happened?

A: I was in the left lane preparing to turn. A vehicle coming the other way drifted over the center line and hit my front end. It wasn't a hard hit. We both almost stopped rgiht away.

Q: How fast were you traveling?

A: I'd say maybe fifteen or twenty miles an hour. I had just slowed down for the turn.

Q: Were you wearing your seatbelt?

A: Yes, I always do.

Q: Did the airbags deploy?

A: No, they didn't. The car just jolted forward and back.

Q: Did you feel any injuries at the scene?

A: Not right away. My neck felt stiff, and by the next morning my right shoulder was really sore. It hurts when I reach overhead or lift anything heavy.

Q: Have you seen a doctor about the shoulder?

A: Yes, I went to urgent care two days later. They took X-rays and told me to rest it and start physical therapy.

Q: Have you had any prior injureis to that shoulder?

A: No, nothing serious. I played some recreational softball yaers ago, but I never had any treatment for it.

Q: Thank you. Is there anything else you'd like to add?

A: No, I think that covers it. I just hope I can get back to normal soon.
