Claim Notes

Claim number:	C-1238
Claimant:	Jennifer Klein
Adjuster:	Valerie Rodriguez

2-6-25 - Claim opened following a low-speed collision in a retail parking lot. Insured reports the other vehicle backed into the driver's side door while the insured was stopped. Both vehicles drivable. Photos requested from insured and on file.

2-10-25 - Claimant's vehicle inspected at repair facility. Rear bumper and quarter panel damage consistent with reported impact. Estimate prepared and submitted for review. Liability appears probable against the other driver based on statements and damage pattern.

2-18-25 - Notice of representation received. Claimant is now represented by counsel, who has requested that all future communication be directed to their office. Claimant reports neck strain following the collision and has begun treatment with a physical therapist. Medical authorization requested through counsel.

2-22-25 - Counsel's office provided initial treatment records showing diagnosis of cervical strain with recommended course of physical therapy. Records logged and forwarded to medical review. Reserve adjusted to reflect bodily injury component. Follow-up requested on treatment progress and any missed appointments.

2-27-25 - Status call held with counsel's office. Settlement discussion deferred pending completion of treatment and final medical report. Property damage estimate approved and payment issued to repair facility. Diary set for thirty days to review updated therapy notes.

Recorded Statement

Claim number:	C-1238
Statement of:	Jennifer Klein
Taken by:	Valerie Rodriguez
Date:	2-14-25

Q: Thanks for taking the time to give this recorded statement. Please state your full name for the record.

A: I'd rather just say I'm the driver of the vehicle involved. I'd prefer not to give my name on the recording.

Q: That's fine, we can note that. Can you describe whree the collision happened?

A: It was in a parking lot at a shopping center in League City, Texas. I was pulling out of a parking space near the entrance.

Q: What were you doing right before the impact?

A: I was backing out slowly, checking my mirrors. I saw a vehicle coming down the aisle, but it was moving faster than I expected.

Q: How fast would you estimate the other veihcle was traveling?

A: Maybe ten or fifteen miles an hour. It wasn't racing, but it didn't slow down much before it hit the rear quarter panel of my car.

Q: Did you feel the impact, and where in your body did you feel it?

A: Yes, it jolted me forward and then back. My neck snapped and I felt it immediately, mostly on the left side and in the back of my head.

Q: Did you seek medical attention after the collision?

A: I went to an urgent care clinic later that afternoon. They diagnosed a neck strain and gave me a prescription for muscle relaxers and some physical therapy.

Q: Are you currently experiencing any stiffness, headaches, or limited range of motion?

A: Yes, I have stiffness when I turn my head to the left, and I get headaches most evenings. Sleeping has been uncomfortable too.

Q: Is there anything else you'd like to add to your statement?

A: Only that I was not distracted and I was moving at a very low speed. I'd like the other driver's insurance to cover my treatment and the repairs to my vehicle.
