### Description of the accident (claimant's words)

I was making a left turn at a green-light intersection in Houston, Texas, when a vehicle coming from the opposite direction struck the front driver's side of my car. I had stopped briefly to wait for oncoming traffic to clear before starting the turn, and I believe I was moving slowly when the impact occurred. The airbags did not deploy, but the force threw me against my seatbelt and jolted my back. I got out of the car on my own and waited at the scnee for the police to arrive. Later that day I began experiencing stiffness and a sharp pain in my lower back that has limited my movement and sleep. I have been seen by a doctor, who diagnosed a back strain and recommended rest, physical therapy, and over-the-counter pain relief. I am filing this claim to cover my medical treatment and the damage to my vehicle.
