Description of the accident (claimant's words)

I was driving north on a residential street in Houston, Texas, at roughly 15 miles per hour, approaching a four-way intersection. The light had turned green in my favor. As I entered the intersection, a vehicle traveling southbound crossed into my lane and struck the front of my car in a head-on collision. The impact was low speed, but my airbag deployed and I braced my left arm against the steering wheel. I felt immediate pain in my wrist and was unable to move my hand comfortably. Paramedics came to the scene and transported me to a local hospital, where X-rays showed a fracture of my left wrist. I have been advised to wear a splint and attend follow-up appointments with an orthopedic specialist. My vehicle has visible damage to the front bumper, hood, and headlight assembly. I am providing this statement to support my claim for medical expenses and vehicle repairs.
