Description of the accident (claimant's words)

I was driving north on the main road in Conroe, Texas, going slowly because traffic had backed up near the intersection. The vehicle in front of me stopped suddenly, and I braked as hard as I could, but the car behind me did not stop in time and ran into the back of my vehicle. Before I could recover, I was pushed forward and struck the car in front, causing a low-speed head-on impact. Both vehicles were drivable but had visbile damage to the front and rear bumpers. Immediately afterward I felt stiffness in my neck and a dull ache across my lower back. I stayed at the scene until the police report was completed, and I was checked by emergency medical staff before leaving. I am reporting this accident and my injuries so the claim can be processed.
