Description of the accident (claimant's words)

I was driving home on a weekday evening, heading south on a two-lane road in Houston, Texas, when a vehicle coming the other way drifted into my lane. I braked and turned as far as I could, but we still colilded head-on. The impact was low speed, though the airbags deployed and my head struck the steering wheel and window frame. I did not lose consciousness at the scene, but I felt dizzy, had a severe headache, and was confused for several minutes. Paramedics arrived, checked me, and recommended I be evaluated at a hospital. I was diagnosed with a concussion and have been advised to rest, avoid screens, and limit physical activity. My vehicle sustained front-end damage and has been towed to a repair shop. I am submitting this statement so the claim can be processed and my medical and vehicle expenses can be reviewed.
