Description of the accident (claimant's words)

I was making a left turn at an intersection in Baytown, Texas, when another vehicle struck the driver's side of my car. The impact came quickly, and I had no time to react or avoid the collision. My vehicle was pushed partway into the adjacent lane before coming to rest. After the crash, I felt sharp pain in my right shoulder and had difficulty lifting my arm. I was able to exit the car on my own, and the other driver stopped nearby. Emergency responders arrived and checked on me at the scene. I have since been advised to seek medical evaluation for the shoulder injury, and I am reporting it here so the claim can be documented accurately.
