Description of the accident (claimant's words)

I was driving in the right lane on a busy highway in Houston, Texas, when traffic slowed ahead. I checked my mirror, signaled, and began moving into the left lane. As I drifted over, a silver sedan that had been in my blind spot struck the side of my vehicle. Both cars scraped along each other before I could steer back. I pulled onto the shoulder and turned on my hazard lights. The other driver stopped as well, and we exchanged insurance information and took photos of both vehicles. When I tried to brace myself on the steering wheel, I felt a sahrp pain in my left wrist. I went to an urgent care cliinc later that day, where an X-ray showed a fracture. I am reporting this accident and my resulting injury for claim consideration.
