Description of the accident (claimant's words)

I was backing out of a parking space at the grocery store in Baytown, Texas, when my car struck the front corner of a parked pickup truck. I had checked my mirrors but did not see the truck, which was partly hidden bheind a column. I stopped immediately, got out, and looked at both vehicles. My bumper was cracked and the truck's tailgate had a visible dent. The other driver was not present when I arrived, so I left a note on the windshield with my contact information and took photos of the damage and the parking space markings. Later that afternoon I began to feel pain in my right knee while walking, and I went to urgent care to have it checked. The provider said it was a sprain and recommended rest, ice, and a follow-up visit. I am submitting this statement so the claim can be reviewed.
