Claim Notes

Claim number:	C-1263
Claimant:	Jacob Hernandez
Adjuster:	Valerie Rodriguez

04/04/2023 - Reviewed the first notice of loss for a left-turn collision at an intersection. Insured states the oncoming vehicle was approaching at speed when they began their turn. Police report requested. No citations were noted on the scene summary.

04/09/2023 - Spoke with the claimant by phone. Claimant reports pain in the right knee after the airbag deployed and the door frame struck the leg. Claimant is not represented by an attorney and indicated they are handling the matter personally. Advised claimant of the claims process and requested medical records.

04/11/2023 - Received photos of both vehicles from the insured and the claimant. Damage to the insured's front bumper and left headlamp is consistent with a broadside impact on the claimant's driver side. Scene diagram from the police report shows both vehicles stopped in the intersection. Liability appears to lean toward the insured pending witness statements.

04/18/2023 - Claimant provided an initial urgent care note describing a knee sprain with swelling and limited range of motion. Follow-up with an orthopedic provider has been recommended by the treating physician. Requested itemized bills and confirmed the claimant's health insurance information for coordination of benefits.

04/24/2023 - Reviewed the independent witness statement, which supports the claimant's account that the insured turned in front of the approaching vehicle. Set reserves for property damage and bodily injury based on current medical documentation. Scheduled a follow-up call with the claimant in two weeks to check treatment progress and any further records.

Statement of:	Jacob Hernandez
Taken by:	Valerie Rodriguez
Date:	04/04/2023

Q: Thank you for taking the time to give this recorded statement. Please state your full name for the record.

A: I'd rather not give my name on the recording, if that's all right. You already have my claim information.

Q: That's fine. Can you describe where you were when the collision occurred?

A: I was driving through an intersection in Sugar Land, Texas. I was turning left at a light with a green arrow, and a vehicle coimng the other way hit the front of my car.

Q: Which direction were you traveling before the turn?

A: I was heading north, and I was gonig to turn west onto the cross street.

Q: Were you able to see the other vehicle before the impact?

A: I saw headlights, but I thought it was far enough away to make the turn. It was closer than I expected.

Q: Did the other driver stop, or did they try to avoid you?

A: They didn't stop until after the hit. I don't think they braked before it happened.

Q: Were there any witnesses that you're aware of?

A: There was a man in a parked car near the corner who came over afterward. I don't know if he saw it happen.

Q: Did you seek medical attention after the collision?

A: Yes. I went to the emergency room that evening because my right knee was swollen and I couldn't put weight on it.

Q: Can you describe the injury as best you understand it?

A: They said there was a ligament problem and some bruising. I've been using crutches and I have a follow-up with an orthopedic doctor next week.

Q: Have you missed any work because of the injury?

A: Yes, I've been out since the collision. My job involves standing for most of the day, so I'm not able to do it right now.

Q: Is there anything else you'd like to add to your statement?

A: Only that I was following the signal and I believe the other driver should have yielded or stopped in time.

Q: Thank you. This concludes the recorded statement.
