Claim Notes

Claim number:	C-1264
Claimant:	Ann Wade
Adjuster:	Jerry Hanson

1-25-23 - Reviewed the first notice of loss for a left-turn collision at an intersection. Insured states the other vehicle came through on the oncoming lane while the insured was turning. Police report requested. Photos of both vehicles on file from the scene.

1-31-23 - Claimant has retained counsel, who has asked that all communication go through their office. Confirmed the representation letter is in the file and updated contact preferences accordingly. No direct contact with the claimant going forward.

2-1-23 - Received the claimant's medical records from the treating clinic. Diagonsis is a lumbar strain with muscle spasm. Treatment includes physical therapy and a prescribed course of anti-inflammatory medication. Records indicate the claimant has not missed more than a few days of work.

2-10-23 - Spoke with deefnse counsel regarding liability. Based on the scene diagram and the insured's statement, the insured's left-turn path appears to have been the primary cause, though the other driver's speed is still under review. Requested the vehicle's event data recorder download to confirm speed at impact.

2-17-23 - Counsel's demand package received and under review along with the medical bills. Scheduled an internal file review to evaluate the back strain treatment against the documented recovery timeline. Reserve adjustment will be considered once the review is complete.

Recorded Statement

Claim number:	C-1264
Statement of:	Ann Wade
Taken by:	Jerry Hanson
Date:	1-31-23

Q: Thank you for taking the time to give this recorded statement. Plesae state your full name for the record.

A: I'd rather just leave my name off, if that's okay. You already have the claim file.

Q: That's fine for this recording. Can you tell me where the accident happened?

A: It was at an intersection in Houston, Texas. I was turning left off a main road into a shopping center parking lot.

Q: What time of day was it?

A: Mid-afternoon, I think. The sun was bright, so visibility was decent.

Q: Walk me through what happened as you began your turn.

A: I had my left signal on and I waited for a gap in oncoming traffic. There was a gap, so I started to turn, and then a vehicle coming the other way hit the front passenger side of my car.

Q: Did you see that vehicle before the impact?

A: Not really. I looked, but it came up quickly. I think it may have been in the lane close to the median.

Q: Were you injured?

A: Yes. My lower back took most of it. It tightened up right away, and by that evening I could barely bend over.

Q: Have you seen a doctor or other provider since the accident?

A: I went to urgent care the same day. They diagnosed a back strain and gave me muscle relaxers and a referral to physical therapy. I've been going twice a week.

Q: Are you still experiencing pain?

A: Yes, it's better than it was, but I still get stiffness when I sit for long periods or lift anything heavy.

Q: Is there anything you'd like to add to your statement?

A: Only that I was careful and I was stopped at the point of the turn when the other car hit me. I'm hoping this gets resolved so I can get back to normal.

Q: Thank you. This concludes the recorded statement.

A: Thank you.
