Statement of:	Paul Sutton
Taken by:	Chelsea Hebert
Date:	2024-07-12

Q: Thank you for agreeing to give this recorded statement. Please state your full name for the record.

A: I'd rather just keep it to my situation, if that's okay. I can tell you what happened.

Q: That's fine. Can you describe where you were and what you were doing when the collision occurred?

A: I was driving through an intersection in Sugar Land, heading straight through on a green light. I had just come up to the crosswalk area when a car came out from the cross street.

Q: Which direction was the other vehicle coming from?

A: From my right. It came across my lane and hit the driver's side of my car. I didn't see it until the last second, and I couldn't stop in time.

Q: Did you have any warning before impact, like a horn or brake lights?

A: Maybe a quick horn, but I'm not sure. It all happened very fast.

Q: Were you wearing your seatbelt?

A: Yes, I was.

Q: Did you hit your head during the collision?

A: I did. My head hit the side window and I felt dizzy right away. I had a headache that got worse over the next few hours.

Q: Did you lose consciousness, even briefly?

A: I don't think I passed out, but everything went blurry for a moment and I was confused about where I was.

Q: Have you sought medical treatment since the accident?

A: Yes, I was taken to the emergency room and they diagnosed me with a concussion. I've been told to rest and avoid screens for a while.

Q: Are you still experiencing symptoms?

A: Yes. I still get headaches, I'm sensitive to light, and I have trouble concentrating at work.

Q: Is there anything else you'd like to add to your statement?

A: Only that I'm working with my doctor on recovery and I'll share the medical records when I have them.

Q: Thank you. This concludes the recorded statement.
