Description of the accident (claimant's words)

I was driving home from work on a weekday afternoon, moving slowly through the parking lot exit on Main Street in Conroe, Texas, when the vehicle in front of me stopped suddenly. I braked, but my car rolled forward and collided head-on with the other vehicle's front bumper. The impact was low speed, and both cars were drivable, though the hood of mine was dented and the other bumper was cracked. I got out, exchanged information with the other driver, and took photos of the damage and the scene. Later that evening I began feeling stiffness and a sharp ache in my lower back. I saw a doctor the next morning, who diagnosed a back strain and recommended rest, physical therapy, and over-the-counter pain relief. I am filing this claim to cover the medical visits and reapirs to my vehicle.
