Q: Thank you for agreeing to give this recorded statement. Please state your full name for the record.

A: I'd rather just keep it to the accident, if that's alright.

Q: That's fine, we'll note that you've declined to give your name for now. Can you describe where the collision happened?

A: It was at a four-way intersection in Houston, Texas. I was going staright through on the main road when a car coming from the side street turned into my lane.

Q: Which part of your vehicle was struck?

A: The passenger side of my car. The other driver hit me right behind the front door.

Q: Did you have a green light?

A: I did. The signal had been green for a while, and I was already moving through the intersection when they came across.

Q: Were you able to brake or swerve before impact?

A: I treid to brake, but there wasn't enough time. I grabbed the steering wheel and braced myself.

Q: Did you hit anything else, or did your airbags deploy?

A: The side curtain airbag came out, and my car spun a little before stopping against the curb.

Q: Were you injured?

A: Yes. My left wrist hit the door frame and the doctor at the emergency room said it's fractured. I'm wearing a splint now and I have a follow-up with an orthopedist next week.

Q: Did you receive medical treatment at the scene?

A: Paramedics checked me out there, and then I was taken by ambulance to the hospital for X-rays.

Q: Is there anything else you think I should know about the accident?

A: Only that I've been told the other driver was looking at their phone. I didn't see it myself, but a witness said so.

Q: Thank you. This concludes the statement.
