Officer's narrative

Officer narrative. On arrival at the scene in Houston, Texas, I found two passenger vehicles in a head-on collision in the southbound lanes. Driver 1 was operating the sedan that had crossed the centerline while attempting to pass a slower vehicle. Driver 2 was operating the SUV traveling northbound and was unable to avoid the impact. Damage was consistent with a low-speed collision. Airbags did not deploy in either vehicle. Both vehicles were drivable before towing was requested by Driver 1. A passenger rode in the SUV with Driver 2 and reported no visible injureis at the scene. Driver 1 stated pain in the left wrist and was evaluated by EMS, then transported for further care. Weather was clear and the roadway was dry. Citations were issued to Driver 1 for failure to maintain a single lane. Witness statements were obtained and placed in the case file.
