Phone:	346-555-8911
Vehicle:	2023 Chevrolet Malibu
License plate:	AK-0524
Injuries reported:	concussion
Investigating officer:	Officer Daniel Morton, Badge 1032

Officer's narrative

Officer narrative: On arrival at the intersection in Pearland, Texas, I observed two vehicles in contact at the center of the roadway. The intersection controls consisted of a functioning traffic signal. Driver 1 was operating a sedan northbound and stated that the signal was green when entering the intersection. Driver 2 was operating an SUV westbound and stated that the signal had changed to yellow before entry. The front passenger side of Driver 2's vehicle struck the driver side of Driver 1's vehicle, consistent with a side impact collision. A Passenger was seated in the rear of Driver 1's vehicle and was evaluated at the scene. Driver 1 reported headache, dizziness, and confusion following the impact and was diagnosed with a concussion by responding medics. Both vehicles sustained disabling damage and were towed from the scene. No citations were issued pending review of available signal timing data and witness statements.
