Claim Notes

Claim number:	C-1285
Claimant:	Dawn Sullivan
Adjuster:	Alison Sweeney

31 May 2025 - Received first notice of loss for a low-speed head-on collision. Insured reports the other vehicle crossed into their lane on a curve. Both drivers reported as shoulder-injured and transported for evaluation. Police report requested. Liability currently unclear pending statements.

1 Jun 2025 - Claimant's counsel has sent a letter of representation. All further contact to go trhough the attorney's office. Requested medical authorizations and prior treatment records for the shoulder complaint. Vehicle inspection scheduled for the damaged bumper and crush area.

5 Jun 2025 - Reviewed police report. Responding officer noted both vehicles at low speed with minimal airbag deployment. Witness statement obtained confirming the other driver was over the centerline. Liability leaning toward the other party at this stage.

8 Jun 2025 - Received initial demand package from claimant's counsel covering shoulder injury treatment, including physical therapy and an orthopedic consult. Records are being reviewed for consistency with the reported mechanism of impact. Independent medical review requested.

13 Jun 2025 - Independent medical review received. Reviewer notes the shoulder findings are consistent with the collision mecahnism but recommends additional imaging before final evaluation. Reserve reviewed and adjusted. Follow-up with claimant's counsel set for next week to discuss the records request.

Recorded Statement

Claim number:	C-1285
Statement of:	Dawn Sullivan
Taken by:	Alison Sweeney
Date:	31 May 2025

Q: Thank you for agreeing to give this recorded statement. Can you confirm you're comfortable with us recording this call?

A: Yes, that's fine.

Q: Please describe where you were and what you were doing when the collision happened.

A: I was driving on a city street in Pasadena, Texas, heading toward the grocery store. It was a clear afternoon and the road was dry.

Q: Which direction were you traveling, and what happened next?

A: I was going east. The other car came over into my lane, I think it was trying to pass a truck. I braked and turned as hard as I could, but we still ended up nose to nose.

Q: How fast do you believe you were traveling at the moment of impact?

A: Maybe fifteen or twenty miles an hour. I had just slowed down for a turn, so it wasn't much.

Q: Did either airbag deploy?

A: No, they didn't. It was more of a jolt than a crash.

Q: Were you able to drive your vehicle from the scene?

A: Yes, it was still drivable, but the front bumper was pushed in and the hood was crumpled.

Q: Let's talk about your injuries. Where do you feel pain?

A: My right shoulder mostly. It hurts when I raise my arm above my head, and I felt a sharp pain when the seatbelt locked.

Q: Did you seek medical attention after the accident?

A: Yes, I went to an urgent care clinic that same evening. They took X-rays and told me to follow up with a specialist.

Q: Have you had any prior injuries or treatment to that shoulder?

A: No, nothing I can recall.

Q: Is there anything else you'd like to add to your statement?

A: Just that I was driving carefully and I'm hoping to get my shoulder looked at soon.

Q: Thank you. This concludes the recorded statement.
