Recorded Statement

Claim number:	C-1287
Statement of:	Rachel Clark
Taken by:	Alison Sweeney
Date:	6-21-23

Q: Thank you for agreeing to give this recorded statement. Please state your full name for the record.

A: I'd rather just keep it to the accident, if that's okay.

Q: That's fine. Can you tell me where you were when the collision happened?

A: I was in Baytown, on the main road heading toward the bridge, in the right lane.

Q: What were you doing right before the impact?

A: I was changing lanes to the left because traffic in the right lane was slowing down. I checked my mirror, I saw a gap, and I started to move over.

Q: Did you use your turn signal?

A: Yes, I'm pretty sure I had it on for a few seconds before I moved.

Q: What happened next?

A: Then I felt a bang on my driver's side. The other car had come up in my blind spot and clpiped the side of my vehicle. It pushed me toward the median and I had to fight the wheel to get stopped.

Q: Did you see the other vehicle before the contact?

A: No. I didn't see it until it was right beside me.

Q: Were you injured?

A: Yes. I put my left hand out to brace myself against the steering wheel and the door frame, and my wrist hurt right away. I went to the emergency room later that day and they told me it's a fracture. I've got a cast on it now.

Q: Did you need any further treatment?

A: I've been told I may need a follow-up with an orthopedic specialist, and I'm waiting on that appointment.

Q: Is there anything else you think I should know about the accident?

A: Only that the other driver seemed to be going fast. That's my impression, but I'd leave that for the police report to confirm.

Q: Thank you. That concludes the statement.
