Q: Thanks for taking the time to speak with me today. This recorded statement concerns the parking lot collision you reported in Katy, Texas. Please state your full name for the record.

A: I'd rather just keep it to the accident, if that's fine.

Q: That's fine, but I still need to note who is giving the statement. Can you give your name?

A: Sure. It's the person whose car was hit, I'm the driver.

Q: Understood. Can you walk me through what happened in the praking lot?

A: I was backing out of a space near the store entrance. I checked my mirrors and didn't see anything, then I felt a bump and heard a crunch on the passenger side.

Q: Were you moving slowly when you backed up?

A: Yes, very slowly. Maybe a couple of miles an hour. I was almost stopped.

Q: Did you see the other vehicle before the impact?

A: No. It came from the lane behind the row of cars, and it was partly hidden by a big SUV parked next to me.

Q: How are you feeling physically since the collision?

A: My neck is stiff and sore, and the pain goes up into the back of my head. I got headaches for a few days. My doctor said it looks like whiplash.

Q: Have you seen a doctor or started any treatment?

A: Yes, I went to urgent care the same day, and I've been doing physical therapy twice a week snice then. I'm still going.

Q: Is there anything else you think I should know about the accident?

A: Just that the other driver apologized at the scene and said they were in a hurry. That's about it.

Q: Thank you. That concludes the statement.
