Description of the accident (claimant's words)

I was backing out of a parking space at a grocery store in Katy, Texas, moving slowly, when I felt a hard jolt as the rear of my vehicle was struck by another car that had come down the aisle without slowing. I stopped immediately and got out to check on the other driver, who was also unhurt and agreed to exchange information. Both cars had visible damage to the rear and passenger-side bumpers. Within a few hours I developed stiffness and pain in my neck and upper back, along with headaches, and I was diagnosed with whiplash. I am following my doctor's treatment plan, including physical therapy and rest, and I am keeping records of my medical visits and related expenses for this claim.
