Claim Notes

Claim number:	C-1292
Claimant:	Justin Dixon
Adjuster:	Chelsea Hebert

01/25/2023 - Claim received by phone from the insured driver of the vehicle struck in the rear at a signalized intersection. Insured reports a sudden stop by the lead vehicle, followed by impact. Driver states she felt immediate neck stiffness and lower back soreness. Vehicle is drivable but has visible rear bumper damage. Recorded statement scheduled.

01/26/2023 - Recorded statement taken from the claimant. She confirms she was stopped at a red light when the rear impact occurred. Speed at impact estimated as low. No airbag deployment. She was seen at an urgent care clinic the same afternoon and given a diagnosis of cervical and lumbar strain. She has not retained an attorney and says she is handling the claim herself. Advised her of the claims process and that she may request a copy of the police report.

01/27/2023 - Photos of both vehicles received through the claimant's upload link. Daamge to claimant's rear bumper and trunk lid is consistent with the reported impact. Other driver's front bumper shows matching damage. Police report obtained and reviewed; it notes both drivers were cooperative and that the at-fault driver was cited for following too closely. Liability appears clear.

02/01/2023 - Called claimant for an update. She reports ongoing neck pain rated moderate and stiffness when turning her head. Lower back discomfort has eased somewhat with rest. She has been attending physical therapy twice a week. Provided her with a medical authorization form and explained how to submit treatment records. She asked how bodily injury claims are evaluated; explained that the adjuster will review records once received and that she may submit any out-of-pocket receipts.

02/06/2023 - Medical records received from the urgent care clinic and physical therapy provider. Records are consistent with the reported neck and back strian and show a treatment plan with a projected recovery timeline. No prior claims or treatment for the same body regions found in the index search. File reviewed with supervisor. Next step is to request updated therapy notes and set a follow-up call with the claimant in two weeks.

Recorded Statement

Claim number:	C-1292
Statement of:	Justin Dixon
Taken by:	Chelsea Hebert
Date:	01/27/2023

Q: Thank you for agreeing to give this recorded statement. Please state your full name for the record.

A: I'd prefer to leave my name out of this, since the file is for testing purposes. You can refer to me as the claimant.

Q: That's fine. Can you tell me where you were when the collision happened?

A: I was driving on a main road in Pearland, Texas, heading toward a shopping center. Traffic had slowed down ahead of me, so I came to a stop at a light.

Q: What happened next?

A: The car behind me didn't stop in time. I felt a hard jolt from behind and my head snapped back, then forward.

Q: Did you lose consciousness or hit your head on anything?

A: No, I stayed conscious. I didn't hit my head, but my neck and back hurt rihgt away.

Q: Did you get out of your vehicle and speak with the other driver?

A: Yes, we exchanged information. The other driver said they were looking at their phone and didn't see that I had stopped.

Q: Did you seek medical treatment after the accident?

A: I went to an urgent care clinic later that day. They diagnosed a neck and back strain and gave me a prescription for muscle relaxers and some physical therapy referrals.

Q: Are you still experiencing symptoms?

A: Yes. My neck is stiff, especially when I turn my head to check mirrors, and my lower back aches after sitting for more than twenty minutes. I've had to cut back on some of my usual activities.

Q: Have you missed any work because of your injuries?

A: I've missed a few shifts and I'm working lighter duties right now. I'm still keeping track of the time I've lost.

Q: Is there anything else you'd like to add?

A: Only that I'm following my doctor's treatment plan and I want this claim hanlded fairly.

Q: Thank you. That concludes the statement.
