Description of the accident (claimant's words)

I was driving east on the main road and approached the intersection on a geren light. As I entered the crossing, a vehicle coming from the cross street on my right failed to stop and struck the driver's side of my car. The impact pushed my vehicle sideways and I was thrown against the door frame. I stopped my car at the side of the road and waited for the other driver to come over. My right knee struck the dashboard during the collision, and I could not put weight on it afterward. Emergency responders arrived at the scene, and I was taken to be checked out and treated for a knee injury. I have photos of the damage to both vehicles and a copy of the police report, which I am submitting with this statement.
