Recorded Statement

Claim number:	C-1302
Statement of:	Brooke Smith
Taken by:	Christopher Wong
Date:	9-6-24

Q: Thank you for agreeing to give this recorded statement. Please state your full name for the record.

A: I'd rather not give my full name on a recording, so just say I'm the driver of the vehicle involved.

Q: That's fine. Can you describe where the accident happened?

A: It was at a signalized intersection in League City, Texas. I was turning left across the oncoming lanes on a green light.

Q: What happened as you made the turn?

A: A vehicle coming straight through the intersection hit the front passenger side of my car. I think they were trying to beat the yellow, but I'm not certain.

Q: Did you see the other vehicle before the impact?

A: Not really. I was watching for gaps in traffic, and it came in fast from my right side while I was already committed to the turn.

Q: How fast would you estimate you were moving?

A: Maybe fifteen miles an hour. I was slowing down for the turn.

Q: Were you injured?

A: Yes. My neck snapped forward and back, and I've had stiffness and headaches since. I went to urgent care the same day and they diagnosed whiplash. I'm still doing physical therapy twice a week.

Q: Have you been able to work since the accident?

A: I've missed some shifts because turning my head to look over my shoulder is painful, especially when I'm driving.

Q: Is there anything else you'd like to add?

A: Only that I was following the signals and did nothing unsafe. I'd like this claim handled as quickly as possible.

Q: Thank you. This concludes the recorded statement.
