Description of the accident (claimant's words)

I was driving my car in League City, Texas, and was making a left turn at an intersection when another vehicle struck the side of my car. I had slowed down and was waiting for a safe gap in oncoming traffic before I completed the turn. The impact came suddenly and I did not have time to react. My vehicle was pushed sideways and came to a stop in the lane. I was shaken and immediately felt pain and stiffness in my neck and upper back. I was later diagnosed with whiplash. I have been following my treating doctor's instructions, attending physical therapy, and limiting activities that aggravate my symptoms. I am providing this statement so the claim can be reveiwed accurately and my injuries and vehicle damage can be documented.
