Claim number:	C-1309
Claimant:	Wendy Hernandez
Adjuster:	Valerie Rodriguez

2024-10-03 - Received first notice of loss for a low-speed head-on collision. Insured reports the other vehicle crossed into their lane on a curve. Both vehicles drivable from the scene. Claimant reports right shoulder pain and has retained counsel, who has requested all communications go through their office.

2024-10-09 - Spoke with claimant's attorney's office. Confirmed representation letter is on file. Requested medical authorization and prior treatment history for the right shoulder. Attorney indicates client is seeking evaluation with an orthopedic provider. Reviewed photos of both vehicles; bumper damage is consistent with a low-speed impact.

2024-10-11 - Obtained police report. Responding officer noted no airbag deployment and no visible intrusion into either passenger compartment. Both drivers cited as cooperative. Liability analysis is pending the other driver's statement, which has not yet been received through their carrier.

2024-10-19 - Received medical records from claimant's provider through counsel. Recrods document a right shoulder strain with range-of-motion limitation and a recommendation for physical therapy. No imaging findings of fracture noted. Reviewed records against the reported mechanism of injury, which appears consistent with the low-speed impact.

2024-10-28 - Sent liability position and request for a demand package to claimant's attorney's office. Noted that the file is open pending receipt of the medical bills, the other carrier's response, and the final repair estimate. Diary set for follow-up in thirty days.

Recorded Statement

Claim number:	C-1309
Statement of:	Wendy Hernandez
Taken by:	Valerie Rodriguez
Date:	2024-10-02

Q: Thank you for agreeing to give this recorded statement. Plesae state your full name for the record.

A: I'd rather not give my name on a recording right now. I'm still pretty shaken up about the accident.

Q: That's understandable. Can you confirm you were the driver of the vehicle involved in the collision?

A: Yes, I was driving.

Q: Tell me in your own words what happened.

A: I was heading down the road in Conroe, going maybe thirty-five miles an hour. The other car came over into my lane. We hit head-on, but it wasn't a hard hit, more like a bump that jolted everything.

Q: Were you wearing your seatbelt?

A: Yes, I always do.

Q: Did the airbags deploy?

A: No, they didn't. The steering wheel jerked and I felt my shoulder slam against the door frame.

Q: Where are you experiencing pain or symptoms now?

A: My right shoulder mainly. It's sore when I lift my arm, and I've got a dull ache that runs into my neck.

Q: Have you sought medical treatment since the collision?

A: Yes, I went to urgent care that same afternoon. They took X-rays and told me to follow up with an orthopedic doctor.

Q: Did you have any pain or problems with that shoulder before this accident?

A: No, not that I can recall. I play softball on weekends and had no trouble.

Q: Is there anything else you'd like to add to your statement?

A: Just that I'm trying to get back to work and I can't lift anything heavy right now. I'd appreciate hearing what the next steps are.

Q: Thank you. We'll be in touch with you about those next steps.
