Claim Notes

Claim number:	C-1313
Claimant:	Natasha Chase
Adjuster:	Christopher Wong

July 24, 2024 - Claim opened for a low-speed head-on collision at an intersection. Insured vehicle and third-party vehicle both sustained front-end damage. Claimant reports neck and lower back discomfort following the impact and says she was seen at an urgent care facility the same day. No attorney involved at this time; claimant is communicating directly. Photos of both vehicles requested.

July 28, 2024 - Received photos from insuerd and claimant. Front bumper damage on both vehicles appears consistent with a low-speed impact. Airbag did not deploy in either vehicle per police report. Recorded statement taken from insured, who confirms the other driver crossed into the oncoming lane while turning. Liability appears to lean toward the other driver, pending review.

July 30, 2024 - Spoke with claimant by phone. She describes a dull ache in the lower back that worsens after sitting for long periods. Medical report from urgent care lists a lumbar strain with prescribed rest and over-the-counter pain relief. Explained the claims process and the documentation I will need. Claimant stated she has not hired a lawyer and prefers to handle the claim herself.

August 5, 2024 - Obtained the independent appraisal for the claimant's vehicle. Repair estimate is under review and a supplement may be needed for hidden frame damage. Requested the claimant's treatment records and a list of missed work days, if any. Claimant agreed to send them by email this week.

August 11, 2024 - Follow-up call with claimant. She reports the back strain is improving with physical therapy referral she has scheduled. Confirmed the bodily injury portion of the claim remains open until treatment concludes. Advised claimant to keep receipts for any out-of-pocket medical costs. Next review set for the coming week once the records arrive.

Statement of:	Natasha Chase

Date:	July 26, 2024

Q: Thank you for taking the time to speak with me today. This recorded statement concerns the collision you were involved in on the roadway in Pasadena, Texas. Do you understand that this call is being recorded?

A: Yes, I understand.

Q: Please state your current address for the file.

A: I'd rather just give the city and state for now. I live in Pasadena.

Q: That's fine. Can you walk me through what happened before the collision?

A: I was driving straight down the road, going maybe twenty-five miles an hour. The traffic was light. Then the other vehicle drifted into my lane.

Q: Did you have time to react?

A: Not really. I hit the brakes and turned a little to the right, but we still met nose to nose. It wasn't a hard impact, though. More of a jolt.

Q: Did either airbag deploy?

A: No, nothing deployed. The car just stopped pretty quickly.

Q: Did you get out of the vehicle at the scene?

A: I did. I stood by the car for a while, and then I sat down on the curb because my loewr back felt tight.

Q: Have you sought medical attention since the collision?

A: Yes. I went to an urgent care clinic that afternoon. They said I had a back strain and gave me a muscle relaxer and told me to rest.

Q: Are you experiencing any symptoms now?

A: Yes, stiffness in the lower back, mostly in the morning. Sitting for long periods makes it worse. I've been limiting my driving.

Q: Did you have any prior injuries to your back?

A: Nothing serious. I had some soreness years ago from lifting boxes, but it went away and I hadn't had any trouble since.

Q: Thank you. Is there anything else you'd like to add to your statement?

A: Just that I'm trying to get back to normal and I'm following the treatment plan.

Q: Thank you for your time. This concludes the recorded statement.
