Recorded Statement

Claim number:	C-1314
Statement of:	Lisa Schroeder
Taken by:	Alison Sweeney
Date:	3-23-25

Q: Thnak you for agreeing to give this recorded statement. Plaese state your full name for the record.

A: I'd rather not give my name on a recording, if that's okay. You already have my claim file.

Q: That's fine. For the record, can you tell me where you were when the collision occurred?

A: I was driving through the intersection in Katy, Texas, heading east on the main road. The light was green for me.

Q: Had you been stopped at the light before proceeding?

A: No, I was already moving at about thirty-five miles per hour when I entered the intersection.

Q: What happened next?

A: A pickup coming from the cross street on my right ran the red light and hit the driver's side of my car. I didn't see it until it was right on me. I braked, but there was no time.

Q: Did you have any warning, such as a horn or a squeal of brakes from the other vehicle?

A: I heard a horn just before impact, maybe a second before. That's all I can say.

Q: After the collision, did you remain at the scene?

A: Yes. My airbags deployed and I was shaken up, but I got out and waited for the police.

Q: Were you injured at that time?

A: My left wrist hurt badly right away. I didn't think much of it until the next morning, when the swelling got worse. I went to urgent care and they sent me for X-rays. The doctor said it was fractured.

Q: Have you received any treatment since then?

A: Yes, I've had a cast put on, and I'm seeing an orthopedic specialist next week to discuss whether I need surgery.

Q: Is there anything you would like to add to your statement?

A: Only that I was following the rules of the road and the other driver was at fault.

Q: Thank you. This concludes the recorded statement.

A: Thank you.
