Description of the accident (claimant's words)

I was driving in the right lane on a busy road in Conroe, Texas, when I signaled and began to move into the left lane. As I checked my mirror and started to merge, a vehicle in the left lane moved over and struck the side of my car. The impact pushed my vehicle sideways and I heard a loud scrape along the passenger side. I pulled over to the shoulder as soon as I could and stayed in my car until I was sure I was safe to get out. The other driver stopped briefly, exchanged information with me, and then drove away from the scene. I was shaken and felt a sharp pain in my right shoulder from gripping the steering wheel during the collision. I have photos of the damage to both vehicles and the location of the accident.
