Q: Thanks for taking the time to speak with me today. This recorded statement is about the collision you were involved in. Do you understand that this conversation is being recorded?

A: Yes, I understand.

Q: Can you describe where the accident happened?

A: It was on a two-lane road in Sugar Land, Texas, near a shopping center. I was heading toward the intersection when the other car came into my lane.

Q: What were you doing right before the impact?

A: I was driving maybe twenty-five miles an hour. I'd slowed down because traffic ahead was stopped. Then the other vehicle swerved over and we met head-on, but it wasn't a hard hit.

Q: Did either airbag deploy?

A: No, they didn't. My seatbelt was on, and I just felt a jolt forward and back.

Q: Did you hit your head during the collision?

A: I think my head hit the steering wheel or the window frame, I'm not completely sure. Right after, I had a headache and felt dizzy.

Q: Have you sought medical treatment since the accident?

A: Yes, I went to the emergency room that same day. They did a CT scan and said I had a concussion. I've been told to rest and avoid screens for a while.

Q: Are you still experiencing symptoms?

A: Yes. I still get headaches in the afternoon, and I have trouble concentrating at work. Bright lights botehr me.

Q: Is there anything else you'd like to add about the accident?

A: Just that the other driver admitted at the scene that they looked down at their phone. I'd like that noted.

Q: Thank you. This concludes the statement.

A: Thank you.
