Description of the accident (claimant's words)

I was driving in the right lane on the highway in Conroe, Texas, when I checked my mirror and signaled to move into the left lane. As I began to merge, a silver sedan that I had not seen in my blind spot moved into the same space and sideswiped the passenger side of my vehicle. Both cars scraped along each other for a moment before the other driver swerved back into their lane and kept going. I pulled onto the shoulder and checked on myself before getting out to look at the damage. My car has scrape marks along the rear passenger door and a cracked side mirror housing. I did not lose control of my vehicle. Afterward I felt stiffness and soreness in my neck and lower back, and I was evaluated for neck and back strain.
