### Description of the accident (claimant's words)

I was driving home on a weekday afternoon through a busy intersection in Houston, Texas, moving slowly because traffic had backed up ahead of me. The other vehicle came toward me in my lane while attempting to pass a stopped car, and we collided head-on at a low speed. Both of our front bumpers were damaged, and my airbags did not deploy. I stopped my vehicle immediately, checked on the other driver, who was shaken but unhurt, and waited for police to arrive and file a report. Within a few hours I began experiencing stiffness and pain in my neck and upper back, along with headaches. I was evaluated at an urgent care clinic and diagnosed with whiplash. My doctor has recommended physical therapy and rest from heavy lifting. I am submitting this statement with photos of the damage and the police report number.
