Claim Notes

Claim number:	C-1329
Claimant:	Danielle Stokes
Adjuster:	Valerie Rodriguez

March 31, 2025 - Claim opened following a report of a sideswipe collision during a lane change on a multi-lane roadway. Insured vehicle contacted the claimant's vehicle on the driver side rear quarter panel. Claimant reports neck pain and a headache and states she was evaluated at an urgent care facility and told she may have a concussion. Claimant is not represented by an attorney. Liability questions to be reviewed once the scene report is received.

April 1, 2025 - Spoke with claimant by phone. She confirms she was in the adjacent lane when the insured vehicle drifted into her path. Insured driver states he checked his mirror but did not see the claimant's vehicle in his blind spot. Claimant says she has not yet seen a physician for follow-up and is experiencing dizziness, light sensitivity, and difficulty concentrating at work. Advised claimant on medical documentation needs and the process for submitting bills and records.

April 8, 2025 - Obtained the police report. The responding officer noted both vehicles had visible damage consistent with a sideswipe and cited the insured driver for failure to maintain lane. Two independent witnesses are listed in the report. Requested the dashcam footage from the insured and a copy of the claimant's urgent care records, which she has agreed to provide. Preliminary liability assessment leans toward the insured.

April 12, 2025 - Claimant has retained no attonrey as of this entry, but she asked how the bodily injury portion of the claim is evaluated and whether she should keep a symptom journal. Explained that the claim can be reviewed as a whole and that she may consult an attorney at any time. Provided a list of documents to gather, including neurology or primary care notes, prescriptions, and records of missed work. Scheduled a follow-up call once the records arrive.

April 16, 2025 - Received the urgent care records and the witness statements. Witness two confirms the insured vehicle moved into the claimant's lane without signaling. Dashcam footage from the insured vehicle is under review and appears to show the lane change without a clear view of the claimant's vehicle. Referred the bodily injury component to the medical review unit for evaluation of the concussion diagnosis and recommended a neurological follow-up. Will update the claimant once the review is complete.

Recorded Statement

Claim number:	C-1329
Statement of:	Danielle Stokes
Taken by:	Valerie Rodriguez
Date:	March 30, 2025

Q: Thank you for agreeing to give this recorded statement. Please state your full name for the record.

A: I'd rather just keep it to the facts, if that's okay.

Q: That's fine, but I need your name for the file. Can you state it?

A: Fine. It's the claimant, the driver of the vehicle involved.

Q: Understood. Where did the collision happen?

A: On a multi-lane road in Baytown, Texas. I was moving over one lane to make a turn.

Q: Tell me what you were doing right before impact.

A: I checked my mirror, I thought the lane was clear, and I signaled. I started to merge, and then the ohter car came up on my side and we scraped along each other.

Q: Did you see the other vehicle before you changed lanes?

A: I didn't see it in the mirror. I'm not sure it was in my blind spot or if it came up fast.

Q: How fast would you estimate you were traveling?

A: Maybe thirty-five or so. Traffic was moving steadily.

Q: Did you hit your head or lose consciousness?

A: I hit my head on the side window. I don't think I blacked out completely, but I was dizzy and confused for a while afterward.

Q: Have you been seen by a medical provider since the collision?

A: Yes, I went to the emergency room that evening. They diagnosed a concussion and told me to rest and avoid screens for a while.

Q: Are you still experiencing symptoms?

A: Headaches, some light sensitivity, and I get tired quickly. I'm trying to take it easy.

Q: Thank you. Is there anything else you'd like to add?

A: Only that I was trying to drive safely and I want my medical costs covered. That's all for now.
