Re: Claim C-1330 - Demand for settlement

Dear Claims Representative:

Dear Claims Representative:

This office represents Susan Garza in connection with the motor vehicle collision that occurred in a parking lot on 12/18/2024. Our investigation shows that your insured backed out of a parking space without yielding to my client's vehicle, which was lawfully traveling through the lane. The impact caused my client's car to sustain significant damage and resulted in immediate neck pain and stiffness.

Following the collision, my client sought medical evaluation and was diagnosed with a cervical neck strain. Treatment has included physical therapy, prescribed medication, and ongoing restrictions on work and daily activities. My client continues to experience pain and limited range of motion, and the treating providers have indicated that recovery will take additional time.

Liability in this matter is clear. Your insured failed to keep a proper lookout and failed to yield the right of way, and the resulting injuries and losses are the direct consequence of that negligence.

To resolve this claim without litigation, we demand payment of $202,000.00, which reflects medical expenses, lost wages, and general damages. This demand will remain open for thirty days from the date of this letter. Please direct all future correspondence regarding this claim to my office.

Sincerely,

Attorney for Susan Garza
