Re: Claim C-1332 - Demand for settlement

Dear Claims Representative:

Our office represents Carl Lucas in connection with injuries sustained in a motor vehicle collision on 06/23/2024. Our client was proceeding lawfully trhough a controlled intesrection when your insured failed to yeild the right of way and struck the driver's side of our client's vehicle. The imapct was severe and was consistent with the police report and the photographs of the damage to both vehicles.

As a direct result of the collision, our client suffered a serious knee injury that required prompt meidcal evaluation, imaging, and ongoing orthopedic treatment. Our client has been unable to work at full capacity, has missed time from employment, and continues to experience pain, swelling, and limited mobility. Medical records and billing statements documenting these losses are enclosed.

The liability facts here are clear. Your insured was at fault, and there is no reasonable basis to dispute responsibility for the collision. We therefore demand payment of $77,000.00 to resolve all of our client's claims arising from this loss. This demand will remain open for thirty days from the date of this letter. If we do not receive a substantive resposne within that period, we will file suit without further notice.
