Claim Notes

Claim number:	C-1342
Claimant:	Michael Chambers
Adjuster:	Jerry Hanson

30 Dec 2023 - Claim received by phone from the insured driver. Rear-end collision at a signalized intersection, insured vehicle struck from behind by a sedan. Claimant reports neck stiffness and pain in the left wrist. No police report filed at scene; the other driver exchanged information only. Photos of both vehicles requested from insured.

3 Jan 2024 - Contacted the claimant to introduce myself and explain the claims process. Claimant is not represented by an attorney and said she would handle the matter herself. Confirmed she recieved the medical authorization form and the rental car coverage details. She reports she was seen at urgent care and X-rays showed a fracture of the wrist, now in a splint. Advised her to keep all medical bills and receipts.

7 Jan 2024 - Received the urgent care records. Diagnosis is a fracture of the distal radius of the left wrist, with a referral to an orthopedic specialist. Claimant is scheduled for a follow-up consult next week. Noted that the claimant may need time off work; asked her to send documentation from her employer once available. Reviewed the at-fault determination: the other driver's vehicle rear-ended the insured, and the rear driver's liability appears clear.

9 Jan 2024 - Spoke with the at-fault driver's carrier to confirm liability acceptance and policy limits. Their adjuster acknowledged the rear-end impact but disputed the extent of the claimant's injury, citing a pre-existing wrist complaint. Requested prior medical records from the claimant to address the dispute. Claimant said she has no prior wrist problems and will provide her primary care records.

18 Jan 2024 - Received the orthopedic consult notes confirming the wrist fracture and recommending a cast for six wekes followed by physical therapy. Claimant returned the signed medical authorization and a copy of her employer's leave letter. Set up a reserve review for bodily injury and property damage. Will follow up with the other carrier regarding their response to the pre-existing condition question.

Recorded Statement

Claim number:	C-1342
Statement of:	Michael Chambers
Taken by:	Jerry Hanson
Date:	30 Dec 2023

Q: Thank you for agreeing to give this recorded statement. Please state your full name for the record.

A: I'd rather not give my full name on a recording, but you can use the claim reference.

Q: That's fine. Can you tell me where you were when the collision occurred?

A: I was driving on the main road in Baytown, heading toward the freeway access. Traffic was moving slowly because of the light ahead.

Q: Were you stopped at the time of impact?

A: Yes, I had come to a complete stop behind a white sedan at the intersection. I'd been stopped maybe five or six seconds when I felt the hit from behind.

Q: How fast would you estimate the vehicle behind you was traveling?

A: It didn't look like much, but the impact was hard enough to push me into the car in front. I'd guess it was moving at a normal speed, maybe twenty or thirty miles an hour.

Q: Did you notice any warning before the impact, such as brakes or a horn?

A: Not really. I looked in my mirror a second before and I didn't see the other car slowing down. Then there was a bang and my head snapped back.

Q: Were you wearnig your seatbelt?

A: Yes, I was.

Q: Can you describe your injuries?

A: My left wrist was badly hurt. I put my hand out on the steering wheel and then on the dash when we hit. The doctor said it's fractured, and I'm wearing a splint and I have a follow-up appointment next week. My neck is sore too.

Q: Have you received any medical treatment so far?

A: I was taken to the emergency room by ambulance and they took X-rays. I've been seeing my regular doctor since then.

Q: Is there anything else you'd like to add to your statement?

A: Only that I've been careful to follow the doctor's instructions, and I want my car repaired as soon as possible because I rely on it for work.

Q: Thank you. This concludes the recorded statement.

A: Thank you.
